This is just a note to let you know that the residents of _____ have set up a group so that we can all look out for our neighbours during the Covid-19 crisis.

You may already have support from friends or family, but in case you don't, or you think you may need support in the future, you can let us know and we'll do what we can to help.

What we're aiming to do is make sure that we know about anybody on this road who needs help now or may need to ask for help in the future (which, let's face it, could be any of us). And we want to make sure that you can turn to this group for help if you need it.

Help could be shopping for food and essential supplies, if you are self-isolating. Or if you normally help other neighbours but are unable to because you are ill or self-isolating, someone else in this group can step in to help.

If you don't want to join the group (or if you don't use WhatsApp or Facebook), you are welcome to contact me on the phone number above.

WHATSAPP: If you have a smartphone and use WhatsApp, you can join the WhatsApp group. Text your name and house number to me on the phone number above and I will add you to the group.

FACEBOOK: If you have a Facebook account, you can join our Facebook group which is called _____.
